Kingston

College

Pathway Education operates Kingston College High School. Kingston College is an Ontario-based International Educational Institute delivering world class Ontario curriculum to today's global, digital students. Located in multicultural Ontario, as one of Canada's most respected and successful colleges, Kingston College has established partnerships with top overseas institutions. To prepare students for a lifetime of continued learning and success, we use powerful web-based platforms, differentiated instruction, and a systematic approach to essential skills development. Providing Ontario courses around the world is a constant priority for us. We continue to collaborate with like-minded institutions around the world that share the same passion for quality education. We work in cooperation with educational institutions well-known for offering high-quality education.

A Kingston College High School graduate receives the Ontario Secondary School Diploma (OSSD) from the Ontario Ministry of Education in Canada, an independent secondary school located in Ontario, Canada.

In Kingston College, online learning is delivered using a blended approach to meet students' needs. Students from foreign schools and learning centers can take classes in Canadian classrooms as part of a partnership program. Students take courses entirely in English, and each course is marked and graded by Ontario-certified teachers.
